A ROUND OF TALK.

Young Mercants.

The scrap iron pile behind the shed is guarded day and night. Each bit of junk, each ragged shred of iron, each scrap of metal, is guarded. And when we, young men, ask the cause. We get the quick reply: Without a single instant's pause: "Fourth of July!"

"Say, can I have this bottle, ma?" He asks with plaintive tone. Then down the alley out of sight. He weeds his way alone. Each iron bit, each wire strand, each rag he may expect. He clutches with an eager hand. "Fourth of July!"

"Old iron" by day, but in the night his dreams are dreams of joy. Joy that is writ in flames that light the life of every boy. "Old rags, old bottles or old junk." The pile is growing. And means more crackers, rockets, guns.

"Fourth of July!"

O, glorious Independence Day! Some people give us pain. By telling boys the proper way to make it "safe and sane." Go to! We'll help 'em celebrate. The old way, you and I. And fire off crackers early, late, "Fourth of July!"

CIVIC LEAGUE.—It is quite the thing by the way in a number of neighboring towns to organize a Civic League. This organization is generally composed of women and, has for its object the improvement and beautifying of the town. Danville and Harrodsburg have both had these societies and they say they have done wonders in the way of cleaning these towns and adding to the general appearance as well as the healthfulness of the places. Lebanon has recently organized such a league and it is composed entirely of ladies. They have designated a certain day on which all members of the league as well as many other citizens of the town have agreed to devote their attention to cleaning up the premises and the side walks in front of their residences and business houses. Such an organization would be a good thing for Springfield. We could have one of the prettiest little towns in the State. The plan would be to have the planting of shade trees and to keep clean the sidewalks and premises. We telese an organization, composed of ladies of the town would be effective. Perhaps the ladies could have the effect of urging the City Council to do its duty in carrying out the sidewalk building ordinances which have been passed for months and which have never been enforced. The residents of Walnut street and those who live beyond are becoming desperate over the prospect of having the privilege of wading through mud another winter simply because the City Council will not enforce its orders to build sidewalks. We need a civic league for the general good of the town and perhaps it could be of some public benefit in particular instances such as prodding the City Council into doing its duty.

AUTOMOBILES.—It seems that there is a great deal of unnecessary ill feeling being stirred up throughout the county districts against owners of automobiles. Farmers claim that these horseless carriages are a constant source of danger to many who travel the roads as the majority of country horses take fright at the sight of one. All of which is true, but it is foolishness to try and forbid the auto-driver the use of the public highway. The automobile has come to stay and there numbers are increasing every. It is an evil which we may as well count on having with us for many a day and the best thing to do is to make the best of it. There is a law which restricts and regulates the automobile and the driver should be made to adhere strictly to it. Few runaways are caused however by these machines where the driver uses a reasonable amount of caution on approaching a "skiddish" horse. It is only the reckless fellow

who does the damage and the law should take care of him. The best thing for horse owners to do is to put their horses through a course of training to accustom them to the sight of automobiles. It is a matter of education with the horse and it is surprising how quickly some of them learn. One or two automobiles in a town is rather an advantage in this connection for the horses. There is scarce a day passes but what some cross country tourist or even whole parties of them go skimming through the country and a country horse who has not had the advantage of a sight of the machine before will nine times out of ten proceed to climb a tree upon meeting one of these "red devils" on the road, whereas if he had been "educated" a little bit by having had a close acquaintance with one he would not be so easily frightened. People can easily remember only a few years ago when the bicycle first came into use how they would frighten a horse. The danger was equally as great as that caused by the automobile now, but the bicycle has no terrors for the average horse now a days. Even a green young horse that, has never seen a bicycle in his life pays no attention to the wheeler. He has been taught from infancy, to know better.

There is no case of indigestion, no matter how irritable or how obstinate that will not be speedily relieved by the use of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very same juices found in a healthy stomach. It conforms to the pure food and drug law. Sold by the Red Cross Drug Store.

Crops Backward.

A dispatch from Frankfort says: Kentucky crops are all very backward this spring according to reports received at the State Agricultural Bureau. This is due to the unprecedented weather conditions which prevailed during April and May, being the heaviest on crops in many years. The most promising climatic conditions of June have so far done much toward putting the farmers in a better frame of mind, and with frequent copious rains, it appears probable that this year's harvest will not be much behind the average. Wheat is looking good, and in some sections cutting has already begun. Corn is coming fast now and other cereals appear to be doing well. Tobacco conditions are not of the best, and it is likely that the acreage this year will fall considerably below the last few years' average.

Remarkable Rescue
That true is stranger than fiction. has once more been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased, the bleeding diminished rapidly, and in three weeks I was able to go to work." Guaranteed cure for coughs and colds. 50c. and \$1 at Haydon & Robertson's drug store. Trial bottles free.

Thompson Removed.
After hearing the testimony on the charges preferred by Councilman J. T. Carter against Chief of Police J. A. Thompson the City Council, between the hours of twelve and one o'clock Wednesday night on motion of Mr. Carter seconded by Mr. Kelly, voted unanimously to remove Mr. Thompson from the office of Chief of Police. The charges were four in number—furnishing liquor to Douglas Carter, a minor, at his room; furnishing liquor to Douglas Carter in a saloon, having seen William Spalding furnish Douglas Carter and failed to arrest said Spalding, and entering saloons while on duty when his duty did not require him to do so, contrary to an ordinance.

The vote was taken separately on the charges and the Council voted unanimously to sustain the last three and not to sustain the last, Lebanon Falcon.

All stomach troubles are quickly relieved by a little Kodol after each meal. Kodol goes directly to the seat of the trouble, strengthens the digestive organs, supplies the natural digestive juices and digests what you eat. It is a simple, clean, pure, harmless remedy. Don't neglect your stomach. Take a little Kodol after each meal and see how good it makes you feel. Money back if it fails. Sold by the Red Cross Drug Store.

Strayed on the farm known as the Wilson Green farm about 5 miles on the Perryville turnpike on the day after the last Springfield County Court day a roan pony mare with brand and in thin condition, one eye out, owner can save same by calling and paying for keep and for this advertisement. Complete Victory.

The suit of R. D. Thornbury against County Attorney W. W. Spalding and the members of the Marion County Fiscal Court, was affirmed in the Court of Appeals of Frankfort, Wednesday. As will be remembered, this suit was recently won in the Circuit Court by plaintiff on every point named in the petition, and now the Court of Appeals makes the victory complete. This suit was brought as the result of the exposure by The Falcon, of the unlawful order of the Fiscal Court allowing County Attorney Spalding, in addition to his salary, 20 per cent of all moneys collected in the county, except the tax list in the hands of the Sheriff and later the allowance of \$100 each to a number of Magistrates and smaller amounts to the others for supervising the road work in their respective districts for the year 1906. It will now be necessary for these parties to return to the county treasury all moneys thus far collected under these orders and in the future they will not be entitled to collect such amounts.—Lebanon Falcon.

Tobacco Organized.

A movement is on foot by which it is hoped to unite the tobacco growers of the entire State into one organization. At present the tobacco growers of different sections of the State or operating under different organizations, all, however, having for their purpose the pooling of the tobacco crops and holding them till they could be sold for a fair price. In the dark district some of the counties are operating under the American Society of Equity, while others work under the name of the Dark Tobacco Growers' Association. "In the Barley district the organization is usually designated as the Barley Branch of the A. S. of E. It is now proposed to form what is known as a "Holding Company," which is to induce the tobacco growers of the entire State and will have general charge and control of Kentucky's tobacco crop. A meeting has been called for July 17th in the exchange room of the Louisville Board of Trade. Delegates from all the tobacco growing counties are expected to be at this meeting, at which plans will be discussed and details arranged for the great organization. It is thought that Louisville will be made headquarters for the organization, where ample arrangements can be made for warehousing, handling and financing the crop.—Farmers Home Journal.

The suit of R. D. Thornbury against County Attorney W. W. Spalding and the members of the Marion County Fiscal Court, was affirmed in the Court of Appeals of Frankfort, Wednesday. As will be remembered, this suit was recently won in the Circuit Court by plaintiff on every point named in the petition, and now the Court of Appeals makes the victory complete. This suit was brought as the result of the exposure by The Falcon, of the unlawful order of the Fiscal Court allowing County Attorney Spalding, in addition to his salary, 20 per cent of all moneys collected in the county, except the tax list in the hands of the Sheriff and later the allowance of \$100 each to a number of Magistrates and smaller amounts to the others for supervising the road work in their respective districts for the year 1906. It will now be necessary for these parties to return to the county treasury all moneys thus far collected under these orders and in the future they will not be entitled to collect such amounts.—Lebanon Falcon.

Complete Victory.

ANNOUNCEMENT

We are authorized to announce J.
Rogers Gore, of Springfield, a candi-
date for State Senator from the Fif-
teenth Senatorial District, composed of
Marion, Washington and Taylor
counties, subject to the action of the
Democratic party.Gov. Beckham is making good
his promise to put on the Sunday
lid in Louisville. He has ap-
pointed R. W. Bingham as
Mayor and on last Sunday the
saloons of the city were closed
tighter than ever known before.
Mr. W. P. Lincoln has been
named by the governor as
County Judge and it is expected
that the Sunday closing law will
be enforced in the county as well
as the city. The governor has
not yet named a man for the
office of Police Judge, but it is
certain that he will be one with
the same views as regards the
"lid".Francis Murphy, the noted
temperance advocate and who
started the great temperance
wave known as the "Murphy
movement," forty years ago,
died at his home in California.
Mr. Murphy held a meeting in
Springfield about thirty years
ago and converted every man in
the town and county and induced
them to sign the pledge. "Sev-
eral" have broken over however
since that time.Louisville is to lose two of its
great Baptist Ministers. Rev.
T. Eaton, pastor of the Wal-
nut Street Baptist church, and
who stood at the head of the
Baptist church in Kentucky,
died suddenly and Rev. Carter
Heim Jones, another leading
minister, and pastor of the
Broadway Baptist church has
resigned to accept a call from a
church in Virginia.

Disease Cannot be Cured

by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deaf-
ness, and that is by constitutional
remedies. Deafness is caused by an
inflamed condition of the mucous
lining of the Eustachian tube. When
this tube is inflamed you have a run-
ning sound of imperfect hearing,
and when it is entirely closed, deaf-
ness is the result, and unless the in-
flammation can be taken out and the
tube restored to its normal condition
hearing will be destroyed forever.
Nine cases out of ten are cured by
Catarin, which is nothing but an in-
flamed condition of the mucous sur-
face.We will give One Hundred Dollars
for any case of deafness caused by
Catarin that cannot be cured by
Catarin. Write for circulars. Send for
circulars free. F. J. Cheney & Co., To-

Tatham Springs

Well it has been quite a while
since Tatham was represented
in the columns of your much
read paper but while I have not
written I've enjoyed the let-
ters of the correspondents.There has been a great deal
of sickness in this community
but are glad to report all better
except Mrs. Willie Goff who we
are very sorry say is very
low with consumption. Mrs.
Nettie Foster is also very sick.The little infant baby of Mr.
and Mrs. Willie Goff died Sun-
day, June 30. It was buried the
following day at Fairview.Born, since our last writing to
the wife of Mr. Ben Keeling,
twin girls.The farmers are all through
setting tobacco but there was
plenty to set as much as was
wanted.School began at Pleasant Hill
school house Monday, July 1st.

freight rate to Springfield. If that true I mean an
average rate. Let us figure now just a little. Let us
take only 1000 pounds of freight to lay down at Spring-
field will cost you how many dollars out of your pocket?
Now 1000 pounds at 32c average amounts to \$320. Is
this correct? That is what the L. & N. says you must
pay it in case it acts for you. Now let us have a chance
What if we offer you 1000 pounds from us at a
rate average amounting to 25c. That is a difference
of \$70.00 on 1000 pounds. How many such
shipments of this kind will you have in 12 months? In-
crease? Ask yourselves. Let us give you a very fair
how many goods you have shipped up and down in
12 months that. Drop us a line on the morning mail
to make claims for? Why not let us save you at least
what you are paying for it due to us at all times. One
more word and then we will leave it to you. How long
do you have to wait for goods at times when you are
in a big hurry? When you are out of some of the
article you need and need bad let us give you a chance
that you find you are out? Yes, if you will Phone
the Lebanon Wholesale Grocery Co. we guarantee that
that we will have any article that you may need in
front of your place of business in good shape ready for
immediate use. Drop us a line on the morning mail

Famous Old Circus Master Shoots Boy
into the Air.The show of L. T. Barnum, the
great showman, probably received
the most interesting and most
unpleasantly while some late work
playing with it at South Norwalk,
Conn.One of them, Henry Benson, was
about fifty feet from the top of an
apple tree. Young Benson did not
have the usual skill of well trained
climbers, and he was the selection of a
handing place, and it will be a week before
he gets his leg.George L. Britton, owner of the
"did not know the thing, was dam-
ned" and threatened with a suit for
damages.Barnum made a big hit with the
circus in the city. There was a
large crowd of people and a
powerful spring would shoot a
fair maiden up to the
top of the tree.

TALE OF A TURTLE.

A Man in a Nightgown and Five
Frightened Women.

PANIC IN PINE BROOK, N. J.

Peter Gosh and His Tentacles. Mistaken
For Ghosts Come Near Being Made
Into Real Ghosts by Jacob Konnor's
Pistol.There was turtle soup for dinner
the other day at Jacob Konnor's
boarding house, Pine Brook, N. J. The
soup was not tasted even by Mrs. Her-
mann Goldschmidt, New York, Miss Rosa
Goldschmidt, Mrs. Emil Harris of
Springfield, New York; Miss Ethel
Harris or Mrs. Jacob Konnor. The
five women have acquired a certain
antipathy to turtle.Seeking innocent diversion and
innocent company, the five walked
together Sunday evening from the board-
ing house to meet the 7 o'clock stage.
Returning in the fast disappearing dusk,
they had reached a head in the road
about 100 yards from the house when
a terrifying apparition confronted and
apprehended them.It was a tall, gaunt figure clad
in white from head to foot, it held and
peeped from its right hand a misshapen
mass, which despite its form was plain-
ly human, struggling, shrieking,
Mrs. Konnor, Miss Rosa and Miss
Ethel dashed past the ghastly form and
ran to the boarding house. Mrs. Gold-
schmidt and Mrs. Harris stopped.Arrived at the house, the three pan-
icked women told a hysterical, broken
story that sent Konnor, his two sons
and all his men leaders with the men
down the road. They found Mrs. Gold-
schmidt and Mrs. Harris not in the
road where they had fallen, but on a
shining bank at the roadside. And up
the road came something, somebody,
became so spectral that the men felt
pale and the children ran down the
road. Mrs. Goldschmidt, who had
been the first to fall, had been the first
to rise, and she had been the first to
fall before he could pull the trigger
Konnor told."Don't shoot! It's Peter Gosh!"
So it was Peter Gosh, clad only in a
nightgown and carrying by the tail a
seemingly small, misshapen, white
figure, who had been the first to fall.
This had happened. Gosh, who supplies the Pine
Brook summer house with the famous
fish, was turning Saturday in the
Passaic river, near by. He caught a
pair of monstrous snappers, and de-
termined to get a good piece for it in
New York. So instead of deploring
it he took it home, put it in a wash-
ing machine, and...The cause of many
